 - 1.1 To furnish the materials described in this Purchase Order Contract within the time or times specified therefor and at the price indicated, and to deliver same where required free and clear of any lien, lien right, royalties, or extra charges of whatever nature, including taxes of any description not shown on the Purchase Order Contract.
 - 1.2 Full or partial payment shall not be construed as acceptance of defective workmanship or improper materials.
2. Where materials (including manufactured articles) are furnished subject to the provisions of applicable plans and/or specifications pertaining to a general construction contract, Seller agrees to comply with all provisions of Article 1 above and further agrees and warrants as follows:
 - 2.1 That materials furnished comply with all provisions of applicable plans and specifications; that no materials are furnished which may involve a patent infringement action or claim, and that all materials shall be subject to the guarantee provisions of the specifications.
 - 2.2 That any change, modification, increase or decrease in the Work or quantities as covered in this Purchase Order Contract or in the plans and specifications in connection therewith shall be in writing and approved by Buyer before the same shall be binding on said Buyer.
 - 2.3 Unless specifically provided otherwise on the face of this Purchase Order Contract, payment for the materials furnished shall be made to Seller when Buyer has received payment from Owner for same, provided materials are approved in accordance with the requirements of the plans and the specifications, provided further that the Buyer may also withhold payment per subparagraph 2.4, following.
 - 2.4 On request by Buyer, Seller shall provide releases of lien, claims against bonds, claims against retention, or other claims, either by Seller or its suppliers, employees, or other persons who may have claims against the Project Owner, the Buyer or sureties on the Project. Failing such releases in form and substance reasonably satisfactory to Buyer, the latter may withhold all or part payment hereunder until such liens or claims are released or satisfied.
 - 2.5 Buyer's receipt of the goods covered by this Purchase Order shall not constitute waiver of claims for damages due to delay in delivery, defective goods, or goods not in conformity with this Purchase Order. Buyer shall have the right to reject the goods delivered within a reasonable time after delivery and inspection, which shall not be less than ten (10) days.
 - 2.6 Buyer reserves the right to postpone delivery of goods covered by this Purchase Order for a reasonable period of time.
 - 2.7 Deliveries must be made within the time(s) stated on this Purchase Order. - 2.15 Buyer reserves the right to make changes, deviations, additions, and deletions to the Work herein contracted, and in that event the price shall be equitably adjusted. If such changes have been initiated by a Project Owner or other party for whom Buyer entered this Purchase Order, then the change in Seller's price shall be controlled by the change in Buyer's compensation from the third party.
- 2.16 With regard to goods delivered under this Purchase Order, Seller agrees to defend and save harmless the Buyer and any other transferee of the goods on the Project referenced herein from all liability for patent or trademark infringement, or for injuries to any persons, employees and/or property, and from damages by any fire, in any way caused by Seller, its agents, employees, subcontractors or their employees or agents or persons, firms or corporations to whom Seller sublets work, caused by, or incidental to, the execution of Work under this Purchase Order, and from all damages, judgments, charges and other related expenses arising or to arise, through any act or omission of any of the said persons.
